Date:

Tuesday, April 23, 2013 - 09:30

Discussion:

Briefings everyday/ongoing 09:00 CDT NPOL Pedestal and reflector install (shoot for completion by Wednesday, 24th). Shoot to get comms at radar by Friday/Saturday. D3R arrival, set up and testing through end of week. Work to resolve comms issues to disdrometers. Work to resolve server issues for IFC, Turkey and South Fork network gauges. Continue adding main data uploads to Portal
